Title: Institutional Review Boards	Date Effective 1/3/05	Supercedes P&P dated 6/15/04

Reciprocity Agreement with Johns Hopkins School of Medicine

The JHSPH and the Johns Hopkins School of Medicine have entered into a [reciprocity agreement](#) for reviewing human subjects research that is jointly performed by investigators from both institutions. Under this agreement the IRB of the institution in which the Principal Investigator has his or her primary appointment will serve as the *single IRB of record* for the project. Thus, a Principal Investigator whose primary appointment is in JHSPH must submit his or her application to the JHSPH CHR, regardless of the funding source or the subject population.
