<b>Title: Institutional Review Boards</b>	Date Effective 1/3/05	Supersedes P&P dated 6/15/04

### **IRB of Record**

The CHR may, upon request, and with its agreement, serve as the IRB of record for collaborating research groups when the Principal Investigator of the project is a JHSPH investigator. The CHR will also consider requests from JHSPH investigators to delegate review responsibility to the IRB for a collaborating research group when the Principal Investigator is not affiliated with JHSPH. The terms and conditions for these arrangements are negotiated by the Office for Research Subjects. Further details of this type of agreement should be obtained from that Office.
