

EHE 2007-2008 Seminar & Journal Club Schedule

Updated January 13, 2008

12:15 - 1:15pm Room w4030 (unless otherwise indicated)

September 12, 2007 **EHS Departmental Seminar 12:00 Room w3030**

Dealing with Emerging and Re-Emerging Infectious Diseases with Novel Preventive and Therapeutic Strategies

Prakash Sambhara, DVM PhD, Centers for Disease Control

September 19, 2007 **No Event Scheduled**

September 26, 2007 **Faculty Seminar**

Laboratory Safety and Chemical Inventory

Drs Alison Geyh and Kellogg Schwab, Environmental Health Engineering

October 1, 2007 **ERC**

October 10, 2007 **EHS Departmental Seminar 12:00 Room w3030**

Research Applications in Support of Food Safety Programs at the Food & Drug Administration

Dr. Palmer Orlandi, Food and Drug Administration

October 17, 2007 **Journal Club**

A Probabilistic Risk Assessment of Cryptosporidium Exposure Among Baltimore Urban Anglers

Cynthia McOliver, Environmental Health Engineering

October 24, 2007 **No Event Scheduled**

October 31, 2007 **PhD Seminar**

Cryptosporidium Exposure from Recreational Water Contact in Baltimore

Cynthia McOliver, Environmental Health Engineering

November 5, 2007 **ERC**

November 14, 2007 **Masters Seminar**

The Impact on Hospital Indoor Air Quality from a Nearby Parking Garage Implosion

Josh Julius, Environmental Health Engineering

November 28, 2007 **Masters Seminar**

Dermal Exposure Assessment: Can a Practical and Effective Risk Assessment Tool be Found?

Bethany Wood, Environmental Health Engineering

December 3, 2007 **ERC**

December 5, 2007 **Journal Club**

Massive Microbial Contamination Associated with a Waterborne Outbreak in Lake Erie, South Bass Island, Ohio

Kristen Gibson, Environmental Health Engineering

December 12, 2007 **EHS Departmental Seminar 12:00 Room w3030**

Hormones and Cancer

Dr. Carlos Sonnenschein, Tufts Sackler School of Medicine

December 19, 2007 **No Event Scheduled**

January 23, 2008 **Journal Club**

Induction of Inflammation in Vascular Endothelial Cells by Metal Oxide Nanoparticles: Effect of Particle Composition

Ashish Jachak, Environmental Health Engineering

January 30, 2008 **Faculty Seminar**

Indoor Air Pollution, Allergens, and Asthma in East Baltimore

Dr. Patrick Breyse, Environmental Health Engineering

February 4, 2008 **ERC**

February 13, 2008 **EHS Departmental Seminar 12:00 Room w3030**

Climate, Oceans, Infectious Diseases, and Human Health: What Cholera Can Tell Us

Dr. Rita Colwell, Johns Hopkins Bloomberg School of Public Health

February 20, 2008 **PhD Seminar**

Development and Application of Tangential Flow Ultrafiltration and Molecular Detection Techniques for the Recovery and Identification of Enteric Pathogens in Large-Volume Environmental Water Samples

Kristen Gibson, Environmental Health Engineering

February 27, 2008 **No Event Scheduled**

March 3, 2008 **ERC**

March 12, 2008 **EHS Departmental Seminar 12:00 Room w3030**

Arsenic Exposures and Health Outcomes in Bangladesh

Dr. Joseph Graziano, Columbia University

March 24, 2008 **No Event Scheduled**

March 31, 2008 **No Event Scheduled**

April 7, 2008 **ERC**

April 14, 2008 **PhD Pre-Proposal Seminar**

Toxicity Screening of Engineered Metal Oxide Nanoparticles

Ashish Jachak, Environmental Health Engineering

April 21, 2008 **PhD Pre-Proposal Seminar**

Exposure Assessment of Indoor and Outdoor Particulate Matter Associated with Agricultural Activities in Yakima Valley Washington

D'Ann Williams, Environmental Health Engineering

April 28, 2008 **No Event Scheduled**

May 12, 2008

PhD Pre-Proposal Seminar w3008

In Vitro Models for Assessing Exposure to Nanoparticles through Ingestion

Katherine Clark, Environmental Health Engineering

May 14, 2007

EHS Departmental Seminar 12:00 Room w3030

Cryptosporidium spp. Genotypes in Drinking Water Source Watersheds Serving Boston, MA and Philadelphia, PA

Dr. Kristen L. Jellison, Lehigh University
