From points north of the District of Columbia

Take I-95 South to 495 West (Capital Beltway) to exit 30, Route 29 south toward Silver Spring. Follow Route 29 through downtown Silver Spring and cross Georgia Avenue until you reach the circle at the intersection of 16th Street, NW. Turn left onto 16th Street. Take 16th Street to Scott Circle bearing to the right to avoid the underpass. Turn right onto Massachusetts Avenue. The center is one block down on the right.

A second route would be to take I-95 South to 495 West to exit 33 (Chevy Chase, Connecticut Avenue). Make a left at the exit onto Connecticut Avenue toward Chevy Chase. Follow Connecticut Avenue through Chevy Chase, Van Ness/UDC, Cleveland Park, Woodley Park, across the Taft Bridge and down toward Dupont Circle. Do not go under the tunnel; instead, turn left onto Q Street. Go three blocks to 17th Street and turn right, then go two blocks to Massachusetts Avenue. The center is on the corner of Massachusetts Avenue and 17th Street.

A third route is to take I-95 South to I-495 South to the Baltimore-Washington Parkway south. Take 50 West toward Washington. Then take New York Avenue to the Convention Center where it becomes Massachusetts Avenue. Follow Massachusetts Avenue to 17th Street, NW. The center is on the corner of Massachusetts Avenue and 17th Street.

From points south of the District of Columbia

From Vienna, Falls Church, Tyson's, and Route 66:

Take Route 66 into Washington. Go over the Roosevelt Bridge and follow the signs to Constitution Avenue. Make a left turn onto 18th Street, NW (there is a left turn arrow). Follow 18th Street through the city and across Connecticut Avenue (you will need to be in the middle lane in order to cross Connecticut Avenue and stay on 18th Street rather than veer left onto Connecticut Avenue). Go one more block on 18th Street, and you will come to Massachusetts Avenue. Turn right onto Massachusetts Avenue, go one block to 17th Street, and the center is located on the corner of Massachusetts Avenue and 17th Street.

From Alexandria, South Arlington, 495, 95, 395, and Route 1:

Take I-495 or 95 to 395. Take 395 (or Route 1) over the 14th Street Bridge and follow the signs for 14th Street, NW. Take 14th Street to Thomas Circle at M Street. Get in the far right lane and take the outer circle $\frac{3}{4}$ of the way around until you reach the turn-off for Massachusetts Avenue (it is just one lane at first, alongside green railing over a tunnel - you will merge with Massachusetts Avenue traffic). Take Massachusetts Avenue to Scott Circle at 16th Street and follow Massachusetts Avenue around the circle to 17th Street. The center is located on the corner of Massachusetts Avenue and 17th Street.

An optional route would be to take 14th Street through Thomas Circle to P Street. Turn left onto P Street and take P Street to 17th Street, where you would turn left. The center is on the corner of 17th Street and Massachusetts Avenue. This route would allow for more street parking options or to avoid traffic backed up on Massachusetts Avenue.
