

**William W. Eaton, PhD**  
**Sylvia and Harold Halpert Professor & Chair**  
**Hampton House 850**  
**weaton@jhsph.edu**

**Epidemiology of mental disorders; schizophrenia;  
depression; sociology of mental disorders; measurement;  
research methods.**

**330.603.01 and 330.603.81 *Psychiatric Epidemiology***

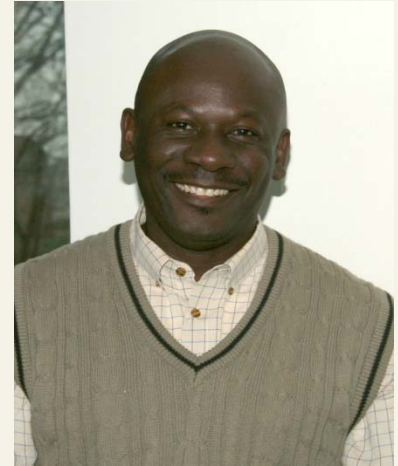

**Deborah Agus, J.D.**  
**Adjunct Assistant Professor**  
dagus@jhsph.edu

**Projects that promote systems change in serving vulnerable populations; including legal analysis on related issues, and draft legislation.**

***330.628.01 Principles of Public Mental Health Delivery in the Community Context; 330.667.01 Mental Health and the Law (2010-2011);***

**Pierre K. Alexandre, PhD, MPH**  
**Assistant Professor**  
**Hampton House 844**  
**pialexan@jhsph.edu**

**Health economics with special interests in mental health and substance abuse, including health services research, policy and program evaluation, and cost-benefit analysis; statistics; urban and regional economics; and financial planning.**

***303.606.01 Economics of Mental Health and Substance Use Disorders***

**Judith Bass, PhD**  
**Assistant Professor**  
**Hampton House 861**  
jbass@jhsph.edu

**Mental Health issues in the developing world; designing and evaluating methods for assessing mental health and mental illness in non-Western cultures; investigating effectiveness of innovative prevention and intervention strategies in non-Western cultures.**

***303.620.01 Issues in Mental Health Research in Developing Countries***

**Catherine P. Bradshaw, PhD, MEd**  
**Assistant Professor**  
**Hampton House 831**  
**cbradsha@jhsph.edu**

**Etiology, development, and prevention of aggressive and antisocial behavior; developmental psychopathology; school- and community-based child mental health services.**

***330.661.01 Social, Psychological and Developmental Processes in the Etiology of Mental Disorders***

**Michelle C. Carlson, PhD**  
**Associate Professor**  
**Hampton House 805**  
**mcarlson@jhsph.edu**

**Cognitive aging; gerontology; Alzheimer's Disease prevention research; cognitive neuropsychology; cognitive vitality; cognitive antecedents of functional difficulty; inhibitory ability.**

***330.623.01 Brain and Behavior in Mental Disorders***

**C. Debra Holden, PhD**  
**Assistant Professor**  
**Hampton House 882**  
**dholden@jhsph.edu**

**Drug and alcohol dependence epidemiology, substance abuse prevention, environmental strategies for violence, alcohol and other drug prevention, and psychometrics.**

***330.609.01 Alcohol Problems: Epidemiology, Prevention & Treatment***

**Nicholas S. Ialongo, PhD**  
**Professor**  
**Hampton House 809**  
**nialongo@jhsph.edu**

**Developmental psychopathology; treatment of child and adolescent psychiatric disorders; preventive clinical trials.**

***330.607.01 and 330.607.81 Prevention of Mental Disorders: Public Health Interventions***

**William W. Latimer, PhD, MPH**  
Associate Professor  
Hampton House 880  
wlatimer@jhsph.edu

**Etiology, prevention, and treatment of adolescent drug abuse and related disorders.**

***330.602.01 Epidemiology of Drug Dependence; 330.651-654.01 Seminar on Program Planning in Dev Countries on Drug Abuse and other Health Problems; 330.641.01 Prevention and Control of Alcohol and Drug Abuse***

**Philip J. Leaf, PhD**  
**Professor**  
**Hampton House 819**  
**pleaf@jhsph.edu**

**Organization and consequences of mental health services;  
epidemiology of mental disorders; mental health of children  
and other vulnerable populations.**

***330.660.01 Seminar on Methods in Public Mental Health Research***

**Wallace Mandell, PhD, MPH**  
**Professor Emeritus**  
**Hampton House 780**  
**wmandell@jhsph.edu**

**Epidemiology of alcohol and drug abuse problems;  
organization of national drug abuse control projects;  
prevention of AIDS risk behaviors in populations.**

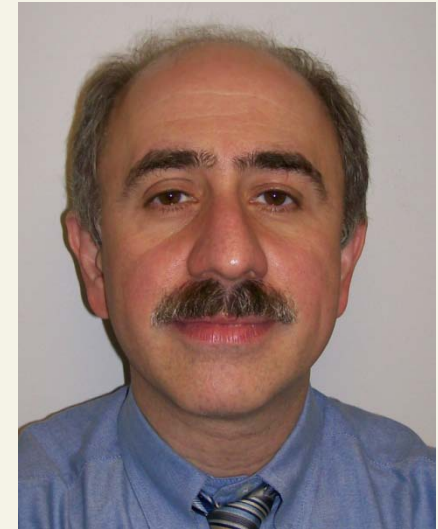

**Tamar Mendelson, PhD**  
**Assistant Professor**  
**Hampton House 853**  
**tmendels@jhsph.edu**

**Etiology and prevention of depression, perinatal depression;  
underserved populations; interaction of biological and social  
factors in the etiology of mental disorders**

**330.604.01 *Gender and Mental Health***

**Ramin Mojtabai, MD, PhD, MPH**  
**Associate Professor**  
**Hampton House 795B**  
**rmojtaba@jhsph.edu**

**Mental health services for patients with schizophrenia and other severe mental disorders; mental health treatment seeking in the community**

***330.664.01 Introduction to Mental Health Services***

**George W. Rebok, MA, PhD**  
**Professor**  
**Hampton House 891**  
**grebok@jhsph.edu**

**Life-span developmental psychology; gerontology; prevention research; cognitive neuropsychology; developmental methodology.**

***330.607.01 and 330.607.81 Prevention of Mental Disorders: Public Health Interventions; 330.802.01 Seminar on Aging, Cognition and Neurodegenerative Disorders; 330.618 Mental Health in Later Life (2010-2011)***

**Adam P. Spira, PhD**  
**Assistant Professor**  
**Hampton House 794**  
**aspira@jhsph.edu**

**Sleep disturbances in older adults; cognitive and functional decline; neuropsychiatric symptoms in older adults with mild cognitive impairment and dementia**

***330.601.01 Perspectives of Psychiatry: the public health framework***

**Elizabeth A. Stuart, PhD**  
**Assistant Professor**  
**Hampton House 804**  
estuart@jhsph.edu

**Statistical methods for analyses of mental health and mental disorders, particularly designs for estimating causal effects and dealing with missing data.**

***140.664.01 Causal Inference in Medicine and Public Health; 140.655.01 Experimental and Non-Experimental Designs for Estimating Causal Effects***

**Holly C. Wilcox, PhD, MA**  
**Assistant Professor (Joint-SOM)**

**Hampton House 896**  
**hwilcox@jhsph.edu**

**The etiology and prevention of suicide; populations at high risk for suicide; developmental psychopathology**

**330.674.01; 330.674.81 and 330.674.98 *Suicide as a Public Health Problem***

**Peter P. Zandi, PhD, MPH, MHS**  
**Associate Professor**  
**Hampton House 857**  
**pzandi@jhsph.edu**

**Genetic epidemiology of mental disorders,  
pharmacoepidemiology of Alzheimer's disease; research  
methods.**

**330.612.01 and 330.612.81 *Introduction to Behavioral and Psychiatric  
Genetics***
