Course Overview

This one day training for public health nurses will cover the basic principles of public health interventions as they apply to public health nursing. Participants will think critically about the foundations of public health nursing, and apply lessons learned to the challenges of protecting our future. Topics covered in this training include:

- Public health nursing historical foundations
- Essential services
- Core functions
- Public health nursing interventions
- Strategies to promote health behavior change

Presenter: Joan Kub, PhD, APHN, BC

Dr. Kub is an Associate Professor Johns Hopkins School of Nursing (SON), with joint appointments in the School of Medicine, and Bloomberg School of Public Health.

*This covers the cost of breakfast and lunch which are provided

Sponsored by
Mid-Atlantic Public Health Training Center
