Center Faculty Publish Findings in the Latest Issue of JAMA Neurology

In this month’s issue of JAMA Neurology, a peer-reviewed medical journal published by the American Medical Association, featured an article led by one of the Center’s faculty trainees, Roland Faigle, along with Victor Urrutia, Director of the Comprehensive Stroke Center at Johns Hopkins, Center Director, Lisa Cooper, and Welch Center core faculty member, Rebecca Gottesman, entitled Racial Differences in Utilization of Life-Sustaining vs Curative Inpatient Procedures After Stroke. This study used data from the Nationwide Inpatient Sample, from 2007-2011, to compare racial differences in the use of six common non-diagnostic inpatient procedures after stroke. The authors reported that curative procedures are underutilized, while life-sustaining procedures are over utilized, in ethnic minority patients with stroke. Most Influential Filipina Woman in the World

Eloiza Domingo-Snyder, JHM Director of Diversity and Inclusion for Johns Hopkins Medicine and Johns Hopkins Health System, has been selected as a 2016 recipient for the award “Most Influential Filipina Woman in the World.” The Global FWN100 Award is sponsored by the Filipina Women’s Network. The Global FWN100 Award recognizes 100 women of Philippine ancestry who are changing the face of leadership in the global workplace, having reached status for outstanding work in their respective fields, and are recognized for their achievement and contributions to society, mentorship and legacy. Domingo-Snyder was selected from an outstanding field of nominees from around the world and is being recognized within the “Builder” category of the Global FWN100 Award. Congratulations Eloiza! We are so proud of you and honored to have you as one of our partners!

Community Advisory Board Meeting on August 10

Our next CAB meeting will be on Wednesday, August 10th, 2016, from 12:00 PM to 1:30 PM at Sisters Together And Reaching, Inc., located at 901 North Milton Avenue, Baltimore, MD 21205. We have taken to heart the feedback we received from the evaluations from our previous CAB meeting and would like to start as promptly as possible. We will also break up into small groups to discuss three topics: the upcoming Town Hall meeting, logos for our study, and training plans for the Care Managers and Community Health Workers. If you have questions or concerns, please reach out to Chidinma Ibe at cibe2@jhu.edu.

Opportunities

9th Annual Conference on the Science of Dissemination and Implementation in Health- A forum for discussing the science of dissemination and implementation, the Conference aims to grow the research base by bridging the gap between evidence, practice, and policy in health and medicine. The abstract solicitation and conference structure have been designed to focus thinking and discussion on the highest priorities for dissemination and implementation science now and in the future to help optimize health and health care in the U.S. and elsewhere. Abstracts are being accepted until August 4th 2016 for the 9th Annual Conference, which will take place on December 14-15, 2016 at the Marriott Wardman Park in Washington, DC. For more information, visit http://tinyurl.com/o4ye5rm.

Call for Abstracts: Association for Academic Minority Physicians Annual Meeting- A forum for AAMP is interested in submissions dealing with the broad field of medical education, biomedical research, clinical care and preventive medicine. Abstracts are encouraged from all professions and levels, including students, trainees and faculty. Up to ten students/trainees may be selected to receive travel awards up to
$1,000 to present their work. In collaboration with the National Research Mentoring Network, AAMP will provide up to five travel awards to investigators (if selected) who submit research dealing with mentoring and/or professional career guidance. Abstract deadline: August 5th, 2016. For more information visit: http://tinyurl.com/zsy799

Harvard Medical School Department of Health Care Policy - The DHCP wishes to search for an assistant or associate Professor of Health Care Policy, full time (tenure track) at Harvard Medical School. They would like to identify an individual with an MD and post-doctoral experience in health policy or an MD and a PhD in a relevant social science. The department interests are broad and cover a wide range of issues related to empirical work in health policy. Preference will be given to individuals with a strong publication record. They also hope to have the individual participate in clinical care at one of Harvard’s teaching hospitals. They are asking physicians and health service researchers in the field to help them identify possible candidates for this position. Please submit names of possible candidates by August 15th, 2016. For questions please contact Barbara McNeil (mcneil@hcp.med.harvard.edu), or Elizabeth Haak (haak@hcp.med.harvard.edu). If interested, applicants should visit: http://tinyurl.com/hx9sue

2017 American Public Health Association: Public Health Fellowship in Government – The Fellowship in Government provides a unique public policy learning experience, demonstrates the value of science-government interaction and enhances public health science and practical knowledge in government. APHA is looking for candidates with strong public health credentials and an interest in serving as a staff person in the U.S. Congress. All materials are due to APHA by midnight eastern on August 15, 2016. For more information visit: http://tinyurl.com/m2korda

Delivery Science Research Fellowship at Kaiser Permanente Northern California – Investigators and fellows in the Division of Research work on the cutting edge of delivery science, partnering directly with Kaiser Permanente physicians and clinical operations leaders to develop and implement innovative research and quality improvement projects for patient care, in one of the nation’s leading integrated delivery systems. Applications are being accepted for the fourth cohort of research fellows for the Delivery Science Fellowship. The application deadline is September 15, 2016. For more information, visit http://tinyurl.com/j8nwfd.

The 2016 Johns Hopkins Urban Health Institute (UHI) Small Grants Program – The Small Grants Program was formed to stimulate and advance community-university collaborations around research and program development. Grants are awarded to those partnerships that most successfully demonstrate the potential for advancing the health and well-being of the residents of Baltimore, with competitive priority given to proposals that were developed following this year’s Community-Driven Research Day. The application deadline is September 30th 2016 by 5:00pm. For more information please visit http://tinyurl.com/gn2d2rx.

Health Services Research Fellowship at the Veterans Affairs Center for Health Equity Research and Promotion – the CHERP’s two-year post-doctoral fellowship in Health Services Research offers fellows the opportunity to collaborate on existing large data sets while providing guidance in obtaining pilot funding from a variety of sources to support independent work. The tailored mentoring provided to past fellows has led to much success. Ideal candidates would have an active interest in scholarly research focusing on: reduction of health disparities in vulnerable populations or, safety and efficacy of medications and medical procedures or, behavioral economics and health care.
