

# VOLUNTEER!

At sometime in our lives we all have benefited from the help of others. The children at The Door are no different. As they struggle to combat the negative pressures of their community each day, many fall short. We are attempting to make this less of an effort for the children in our East Baltimore community. However, this not possible without YOU!

Help a child improve their chances in life by volunteering your time as a tutor and mentor with the Children's Program at The Door. If you are serious, committed and willing to help students (grades 1st - 5th), please us at (410) 675-3288 to interview as a program volunteer.

Remember, children need  
you!
