

MHS/ScM Specifics

When applying for programs like the ASPH Internships, use the resume format suggested by the program

Under your Education section, list coursework if you do not have work experience

When applying for internships/field placements list your coursework completion date instead of your expected graduation date

MHS/ScM Specifics

Emphasize skills if you do not have work experience; you may try developing a functional resume.

Highlight research work if you are in an academic master's program (for example, ScM in Environmental Health Engineering)

Include relevant volunteer activities under your experience section

MHS/ScM Specifics

When applying for full time jobs:

Highlight your field placement/internship/research work experience and list it first in your experience section

Use different resumes/CVs for different jobs (I.e. policy, program, research)

Use bullets for program jobs

Add more detail for research jobs
