

MPH Specifics

When applying for programs like the CDC Public Health Prevention Service, use the resume format suggested by the program

Separate Clinical Experience and Public Health Experience into 2 sections

If you only have clinical experience, emphasize the public health aspects of your position

MPH Specifics

Highlight language fluencies

Try using a combination resume if you have mainly clinical experience or very little public health experience

Include relevant volunteer activities under your experience section

MPH Specifics

Emphasize Skills and Experience

Use different resumes/CVs for different jobs (I.e. policy, program, research)

Use bullets for program jobs

Add more detail for research jobs

List your Integrating Experience in the Experience section of your resume/CV
