Requirements for Successful Completion

The certificate program requires a minimum of 18 term credits. Students will complete three required courses totaling 9 credits, and then choose three courses from the Berman Institute course list totaling 9 credits to fulfill the 18-credit requirement to complete the certificate program.

All courses must be taken for letter grade, and students must maintain a minimum 2.75 grade point average.

Degree seeking students MAY NOT complete the certificate after their degrees are earned; **all certificate courses must be completed prior to graduation and must be completed within a three-year period.**

Substitutions and/or waivers for required courses and elective options are not permitted.

Some of the required and elective courses have enrollment restrictions and limits. There are no guarantees that all certificate electives will be available within one academic year. Furthermore, enrollment in the Certificate in Bioethics does not guarantee permission for enrollment in courses with restrictions. To receive permission to enroll in courses with restrictions, please contact Bioethics Program Advisor, Travis Rieder, (trieder@jhu.edu) Assistant Director of Education Initiatives.
