Johns Hopkins Bloomberg School of Public Health
Students Affiliated with Cardiovascular & Clinical Epidemiology
2010-2011 Students

VIKAS AGGARWAL, MBBS
Internal Medicine Resident at Albert Einstein College of Medicine
Email: drvikasaggarwal@gmail.com
Program: MPH
Advisor: Elizabeth Selvin, PhD, MPH

Graduate education:
Maulana Azad Medical College, University of Delhi, New Delhi, India, 2006
Research interests:
Acute coronary syndromes

DANIEL BEZERRA, MD, MPH
Program: Postdoctoral Fellow
Advisor: Richey Sharrett, MD, DrPH

Graduate education:
Federal University of Rio de Janeiro, Brazil, 2000
National School of Public Health, Oswaldo Cruz Foundation, Rio de Janeiro, Brazil, 2007
Residency:
Neurology at Hospital Universitario Clementino Fraga Filho, Rio de Janeiro, Brazil
Research interests:
Epidemiology of cerebrovascular diseases; stroke prevention and treatment; pathogenesis of lacunar infarcts

ANA GARCIA ALVAREZ
Email: angarcia@jhsph.edu
Program: Postdoctoral fellow
Advisor: Eliseo Guallar, MD, MPH

Graduate education:
University of Salamanca, 2003
Residency: Cardiology, Hospital Clinic Barcelona, 2009
Fellowship: Cardiovascular Imaging, Mount Sinai New York, 2010
Research interests: Cardiovascular epidemiology, myocardiopathies and heart failure, cardiovascular imaging, atherosclerosis and coronary artery disease, statistics, methodology and genetics.

JOSE MANUEL GARCIA RUIZ
Email: jomagaru@gmail.com
Program: Postdoctoral fellow
Advisor: Eliseo Guallar, MD, MPH

Graduate education: Medical Degree, Spain, 2003
Residency: Residency in Cardiology, Spain, 2009
Research interests: DM type-2 in CVD population, Atherosclerosis regression
MATTHEW GRIBBLE
Email: mgribble@jhsph.edu

Program: PhD, Genetic Epidemiology
Advisor: Linda Kao, PhD, MHS; Daniele Fallin, PhD

Undergraduate education:
Stanford University, 2009

Research interests:
Environmental epidemiology; genetic epidemiology; molecular epidemiology; gene-environment interactions; endocrine disruptors; spatial analysis, population genetics; epigenetics; heredity; CAFOS; antibiotic-resistant bacteria; mercury in fish; water pollution; coastal contaminants

ADRIENNE TIN
Email: atin@jhsph.edu

Program: PhD, Genetic Epidemiology
Advisor: Wen H Kao (Linda), PhD

Graduate education: MS, New Jersey Institute of Technology, 2005

Research interests: the genetic basis of common diseases, particularly chronic kidney disease and other renal-related traits
