INTRODUCTION TO QUALITATIVE DATA ANALYSIS FOR PUBLIC HEALTH

June 20-21, 2019

This course introduces students to the analysis of qualitative interview and focus group data, emphasizing hands-on learning activities to practice and apply concepts. It will:

- Explore the distinct analytic approaches and traditions, as well as their strengths and weaknesses for different research questions
- Introduce computer software for coding and managing data
- Develop skills to conceptualize an analytic plan for qualitative data for future research

Instructor: Jill Owczarzak
Class Times: 9:00am - 4:50pm
