INTRODUCTION TO QUALITATIVE RESEARCH METHODS

Health, Behavior and Society Summer Institute

June 17-19, 2019

This course introduces students to qualitative research methods and their application to public health research. Topics include:

• The theoretical underpinnings of qualitative research, the factors that influence the utility of a qualitative approach, and ethical considerations in qualitative research

• The qualitative interview, including practical skills and tools required for conducting qualitative interviews and analyzing qualitative data

Instructor: Katherine Clegg Smith
Class Times: 9:00am - 4:50pm
