The 37th Annual Public Health Career Fair offers a virtual location for employer representatives to meet students, faculty and alumni to discuss organization functions, employment opportunities, consultancies, internships, and career information for public health graduates and professionals. Graduate students from the Johns Hopkins Schools of Public Health, Medicine, Nursing, and Business, as well as from surrounding colleges and universities are invited to participate.

**Bloomberg School of Public Health Facts**

---

**Deadlines to Register:** February 19, 2021

**Online Registration:**
- [www.jhspheu/careerfair](http://www.jhspheu/careerfair)

**Packages**
- **Blue Package** - Includes: Virtual Career Fair Booth and two attendees
- **Gold Package** - Includes: Virtual Career Fair Booth and two attendees + Virtual Resume Book in Handshake

**Add On Item**
- **PHX Session** - Includes: PHX Session week of Career Fair March 1st-4th (Limited Availability- First Come, First Served)

---

**Resume Books:** create Resume Books in Handshake for your organization or industry group relevant to your organization. The Career Services Office can setup your virtual book and send resumes once submitted.

**Public Health Exchange (PHX) Session:** connect with students interested in learning more about your organization through short, individual meetings. Rather than a recruiting event, the PHX Sessions are a way to build your brand and provide students the opportunity to meet with a professional in their field of interest in a less formal, informational interview setting (similar to coffee and chat sessions). PHX Sessions can also tailored to a specific audience or department within the School. The Career Services Office can host the Zoom meeting (including virtual breakout rooms) and send targeted emails to promote your event.

**Can’t participate in the virtual career fair? Advertise a Job or Internship:** advertise opportunities to JHSPH students and alumni at no cost on Handshake, a career services system used across Hopkins. You can list full-time and part-time jobs, internships, and fellowships. You can also manage all applications through the system, or direct students to an alternative application site.
