Information Session

Monday, October 6, 2014
12:15 – 1:15 pm

Johns Hopkins Bloomberg School of Public Health
Room W2015, 615 N. Wolfe Street
Baltimore, MD 21205

ABOUT PLAN INTERNATIONAL USA
Founded in 1937, Plan International USA is part of a global organization that works side by side with communities around the world to end the cycle of poverty for children. We reach more than 78 million children in more than 50 developing countries across Asia, Africa, and Latin America, developing solutions community by community to ensure long-term sustainability.

We promise a better future for children and their communities by equipping them with the skills and knowledge they need to create their own solutions, which range from clean water and health care programs to education projects and child protection initiatives.

ABOUT THE PRESENTATION
The objective of the information session is to educate students about Plan’s culture and career opportunities.

We will discuss topics as well as answer questions about our internship program, OPT for international students, capstones, research opportunities, career paths in the field, the skills and experience necessary to get a job and succeed in it, and our orientation process.
