Prevention and Testing Study

We are looking for individuals to talk to people about their experiences with HIV prevention, testing, and HIV care.

If you are:

- 18 years and older
- HIV positive, and
- Use heroin or cocaine

Please call to see if you are eligible to participate:

1-800-967-5710

- You will take part in individual or group interviews
- All calls and participation are kept confidential
- You will be paid for your time.
