1. Nonmedical Vaccine Exemptions and Pertussis in California, 2010
   Jessica E. Atwell, MPH, Josh Van Otterloo, MSPH, Jennifer Zipprich, PhD, Kathleen Winter, MPH, 
   Kathleen Harriman, PhD, MPH, RN, Daniel A. Salmon, PhD, Neal A. Halsey, MD, and Saad B. Omer, 
   MBBS, MPH, PhD

2. Antibody-based vectored immunoprophylaxis provides partial protection against stringent 
   sporozoite challenge
   Cailin Deal, Alejandro B. Balazs, Diego Espinosa, Fidel Zavala, David Baltimore and Gary Ketner

3. Estimating the Cost of Hospitalized Pneumococcal Disease Among Older Children and 
   Adults in Latin America and the Caribbean: Results From a Review of the Literature
   Cristina Garcia and Dagna Constenla

4. Formative research into issues related to effective mobile-phone related interventions to 
   improve immunization status
   Dustin Gibson, E. Wangeci Kagucia, Benard Ochieng, Peter Winch, Frank Odhiambo, Andrew Zeitlin, 
   Amanda Glassman, Kate O'Brien, Daniel Feikin

5. The Mobile Solutions for Immunization (M-SIMU) Trial
   Dustin Gibson, E. Wangeci Kagucia, Benard Ochieng, Nisha Hariharan, Frank Odhiambo, Kate 
   O'Brien, Daniel Feikin

6. Vaccine facilitated re-introduction of displaced dengue serotypes
   Luis Mier-y-Teran-Romero, Isabel Rodriguez-Barraquer, Ira B. Schwartz and Derek A. T. Cummings

7. Description of Haemophilus influenzae B conjugate vaccine and Pneumococcal conjugate 
   vaccine status in PERCH sites and methodological challenges in defining vaccination status
   Christine Prosperi for the PERCH Study Group

8. Contextual and individual level determinants of Up to Date (UTD) immunization status 
   among infants in Pakistan
   Noor Sabah Rakhshani, Mohammad Imran Khan

9. Potential opportunities and perils of imperfect dengue vaccines
   Isabel Rodriguez-Barraquer, Luis Mier-y-Teran-Romero, Ira Schwartz, DS Burke, Derek Cummings

10. Challenges in the interpretation of dengue vaccine trial results
    Isabel Rodriguez-Barraquer, Luis Mier-y-Teran-Romero, Donald S. Burke, Derek A. T. Cummings

11. Understanding Data to Measure the Impact of New Vaccines in India
    Brian Wahl, Kyla Hayford, Andrea Sutherland, Lois Privor-Dumm, M Santosham, Katherine O'Brien

12. Factors Associated with Complete Immunization Among Children in Uttar Pradesh, India
    Brian Wahl, Maria Knoll, Andrea Sutherland, Mathuram Santosham, Katherine O'Brien

13. Host Genetic Regions under Natural Selection Associated with Oral Poliovirus Vaccine 
    Response in Bangladeshi Children
    Genevieve L. Wojcik, Dinesh Mondal, Masud Alam, Josyf Mychaleckyj, Stephen Rich, Pat 
    Concannon, Rashidul Haque, Mark Pallansch, Beth D. Kirkpatrick, William A. Petri Jr., Priya Duggal

14. Sustainability for mHealth supported immunization services in Pakistan
    Syed Mohammad Asad Zaidi, MBBS MPH Saira Khowaja, MS Vijay Kumar, MBBS Phil Aamir J 
    Khan, MD PhD Subhash Chandir, MBBS MPH PhD

15. Coverage, timeliness and determinants of immunization completion in Pakistan: Evidence 
    from the Demographic and Health Survey (2006-07)
    Syed Mohammad Asad Zaidi, MBBS MPH Saira Khowaja, MS Vijay Kumar, MBBS Phil Aamir J 
    Khan, MD PhD Subhash Chandir, MBBS MPH PhD

16. The Role of Strategic Demand Forecast Modeling in the Introduction of a Dengue Vaccine  
Samantha Clark, MHS, Dagna Constenla, PhD

17. Use of the Dengue Human Infection Model to Assess the Efficacy of TV003, a Live Attenuated Tetravalent Candidate Dengue Vaccine  
Anna Durbin, Kristen Pierce, Kawsar Talaat, Noreen Hynes, Cecilia Tibery, Palmtama Grier, Amber Cox, Kathryn Chang, Daniel Elwood, Beulah Sabundayo, Beth Kirkpatrick, Catherine Larsson, Stephen Whitehead & Kanta Subbarao

18. Clinical Evaluation of rDEN2D30-7169, a recombinant DENV-2 monovalent vaccine candidate  
Anna Durbin, Kawsar Talaat, Noreen Hynes, Cecilia Tibery, Kathryn Chang, Amber Cox, Daniel Elwood, Beulah Sabundayo, Stephen Whitehead & Kanta Subbarao

19. Income Elasticity of Vaccines Spending vs. General Healthcare Spending in Developing and Developed Countries  
Y. Natalia Alfonso, Guiru Ding, David Wang, and David Bishai

20. Electronic Integrated Management of Childhood Illnesses (eIMCI) - Implementation in children 0-14 years of age in a tertiary care hospital in Pakistan  
Amyn Abdul Malik, Subhash Chandir, Erum Rasheed, Lubna Samad

21. Interactive Alerts: A phone-based vaccine registry utilizing SMS reminders and conditional cash transfers to improve immunization coverage through public-private programs in Karachi, Pakistan  
Saad Zubair, Romana Haider, Vijay Kumar, Syed Mohammad Asad Zaidi, Saira Khowaja, Maimoona Kausar, Ali Habib, Subhash Chandir, Aamir Javed Khan

22. Vaccine Information Management System (VIMS) – A Web-Based Resource for Vaccine Researchers and Stakeholders  
Thuy-Linh Nguyen, MPH

23. Impact of 13-Valent Pneumococcal Conjugate Vaccine on a Population at High Risk for Pneumococcal Disease  

24. Epidemiology and impact of PCV13 on nasopharyngeal colonization among vaccinated American Indian children and unvaccinated household members  
Lindsay Grant, Sarah O’Brien, Robert Weatherholtz, James Campbell, Saralee Bajaksouzian, Michael Jacobs, Raymond Reid, Mathuram Santosham, Katherine O’Brien

25. Effect of buffer on the immune response to trivalent oral poliovirus vaccine in Bangladesh: a community based randomized controlled trial  
Chandir S, Ahamed KU, Baqui AH, Sutter RW, Okayasu H, Pallansch MA, Oberste MS, Moulton LH, Halsey NA
