For more information, contact the Mid-Atlantic Public Health Training Center at (443) 287-6732 or maphtc@jhsph.edu.

Training Objectives:
1. Explore the strengths of multiple project management tools.
2. Understand the value of project management tools in project implementation.
3. Describe different approaches to project management and the utility of each approach.
4. Identify team strengths, and the team’s effect on choosing a project management tool.
5. Analyze project needs and determine the appropriate project management tool.
6. Utilize project management tools to complete tasks.

Presenter: Miriam Alexander, MD, MPH
Dr. Alexander has been a public health professional for over two decades, with expertise in maternal and child nutrition, occupational health, and preventive medicine. She is the director of the General Preventive Medicine Residency Program and of the Mid-Atlantic Public Health Training Center at Johns Hopkins Bloomberg School of Public Health.

Sponsored by the Mid-Atlantic Public Health Training Center
