Objective: Research and background report on national quality reporting activities and development of quality measures in five countries

Title: Cross National Comparison of Quality Data, 2002

Sponsor: Commonwealth Fund

Role: Principal Investigator

Dates: 01/01/02-12/31/02

Amount: \$75,000

Objective: Update overall trends in health systems' performance with emphasis on comparing quality of care at both the individual, patient and population level

Title: International Working Group on Quality Indicators
Sponsor: Commonwealth Fund
Role: Principal Investigator
Dates: 12/01/01-12/31/02
Amount: \$120,340
Objective: This project aims to improve the measures available for cross-national comparisons of health care quality.

Title: International Working Group on Quality Indicators, Phase 3
Sponsor: Commonwealth Fund
Role: Principal Investigator
Dates: 01/01/2003-06/30/2004
Amount: \$126,357
Objective: This project aims to improve the measures available for cross-national comparisons of health care quality.

Title: Cross National Comparison of Health System Quality Data, 2004
Sponsor: Commonwealth Fund
Role: Principal Investigator
Dates: 08/06/2003-04/01/2004
Amount: \$25,000
Objective: Update overall trends in health systems' performance with emphasis on comparing quality of care at both the individual, patient and population level

Title: OECD International Health Care Quality Indicators Project
Sponsor: Commonwealth Fund
Role: Principal Investigator
Dates: 12/01/2002-06/30/04
Amount: \$41,065
Objective: This project aims to improve the measures available for cross-national comparisons of health care quality.

Title: Cross National Comparison of Health System Quality Data, 2004
Sponsor: Commonwealth Fund
Role: Principal Investigator
Dates: 01/01/2004-12/31/2004
Amount: \$25,000
Objective: Update overall trends in health systems' performance with emphasis on comparing quality of care at both the individual, patient and population level

Title: Cross National Comparison of Quality Data, 2004
Sponsor: Commonwealth Fund
Role: Principal Investigator
Dates: 01/01/04-12/31/04
Amount: \$75,000
Objective: Update overall trends in health systems' performance with emphasis on comparing quality of care at both the individual, patient and population level.

Title: International Working Group on Quality Indicators, 2004
Sponsor: Commonwealth Fund
Role: Principal Investigator
Dates: 01/01/2004-12/31/04
Amount: \$126,861
Objective: This project aims to improve the measures available for cross-national comparisons of health care quality.

Title: Cross National Comparisons of Health Systems Quality Data, 2005
Sponsor: Commonwealth Fund
Role: Principal Investigator
Dates: 01/01/05 – 12/31/05
Amount: \$50,000
Objective: Update overall trends in health systems' performance with emphasis on comparing quality of care at both the individual, patient and population level.

Title: Trends in Out-of-Pocket Health Care Spending and Income Among Medicare Beneficiaries, 1997-2003
Sponsor: Henry J. Kaiser Family Foundation
Role: Principal Investigator
Dates: 12/14/04-12/31/05
Amount: \$8,500
Objective: An analysis will be conducted to determine the trends of out-of-pocket health care spending and income among Medicare beneficiaries

Title: Cross National Comparisons of Health Systems Quality Data, 2006
Sponsor: Commonwealth Fund
Role: Principal Investigator
Dates: 01/01/06-12/31/06
Amount: \$60,000
Objective: Update overall trends in health systems' performance with emphasis on comparing quality of care at both the individual, patient and population level

-
- Title: Why Do the Uninsured Pay So Much When They Go To The Hospital?
Sponsor: Henry J. Kaiser Family Foundation
Role: Principal Investigator
Dates: 04/01/06 – 09/30/06
Amount: \$24,978
Objective: Will use Medicare Cost Reports to provide the answers questions such as; what is the difference between charges and costs and how has it changed over time; what is the difference between charges and what insurers pay and how it has changed over time., etc. Will also provide historical trends.
- Title: Analysis of Medicare Rates and Costs for the Commonwealth Fund Scorecard
Sponsor: Commonwealth Fund
Role: Principal Investigator
Dates: 09/01/06 – 10/31/06
Amount: \$44,818
Objective: This project will provide data on readmissions, ambulatory sensitive conditions and chronic conditions that can be incorporated into the high performing health care systems data base being assembled by the Commonwealth Fund
- Title: The Role of Pharmaceutical Data in Identifying Patients Who Could Benefit From Better Care Management
Sponsor: Commonwealth Fund
Role: Principal Investigator
Dates: 07/01/06 – 06-30-08
Amount: \$45,230
Objective: This project will examine which Medicare beneficiaries would be identified as having modifiable costs using the RHI algorithms when drug information is used and who is identified when prescription drug information is not available.
- Title: Eliminating the Ban on Medicare Negotiating Directly With Pharmaceutical Companies
